

Chilliwack Community Services

SHARE • GROW • BELONG

Join Us for a Tour.

Learn first hand about the important contribution that Chilliwack Community Services makes each day to provide opportunities for people to make positive change in their lives.

In addition to the prescheduled tours listed below, we are happy to arrange personal and group tours at any of our five locations to introduce Chilliwack Community Services and the range of programs offered. The one-hour tours are information sessions and allow opportunities to ask questions. You will not be asked for money.
