Frequently Asked Questions

What is Better at Home? Better at Home is a program that helps seniors continue living independently in their own homes by providing simple non-medical support services. The range of Better at Home services available varies from community to community, depending on the specific needs of local seniors. **In Chilliwack, the services include: Housekeeping, Light yard work, Friendly visiting, and Transportation to appointments.**

Which communities do Better at Home currently serve? The Better at Home program is available in upwards of 80 communities across British Columbia, as of March 2021.

How are Better at Home communities chosen? Communities are chosen by speaking with seniors themselves, consulting with organizations that serve seniors, and connecting with others in the community who are knowledgeable about the needs of seniors. One important consideration is the number of vulnerable seniors in the community who would benefit from these services.

Who decides which Better at Home services are available in each community? Seniors themselves, organizations that serve seniors, and others in the community who are knowledgeable about the needs of seniors will help determine which services are most needed.

Who delivers the services? In each community local non-profit organizations deliver Better at Home services. Services are delivered by a mix of volunteers, paid staff & contractors.

Am I eligible? If you are a senior age 65+ living in the Chilliwack area, you may be eligible.

Who pays for Better at Home? The Government of BC has given United Way of the Lower Mainland funding to manage Better at Home across BC. Individual community organizations will accept donations, raise funds, and encourage volunteer participation in the program. Seniors who receive Better at Home services will also pay a fee for some services, based on their previous year's reported income.
